

BAR SIGNS

All bars are required to have signs at the entrance to their premises to let patrons know they are entering an adult-only business and to help prevent minors from accidentally entering the premises of a place they are not allowed to enter. The bar sign must measure at least 8 ½" long by 11" wide (landscape orientation) and must be posted in a conspicuous place at the bar entrance. The sign does not otherwise have a certain template or font type requirement, but it should be in a font and style large enough to be understood by the reader. The sign must identify that the premises is "a bar" and that no one under 21 is allowed. The example below uses both of those requirements as stated. The most important part is that the message is clear. You may use any medium or color to make your sign (paper, plastic, metal, wood, etc.) as long as the other elements have been met.

BAR
No One Under 21
Allowed

Please note: The sign used above is an EXAMPLE ONLY.

It is NOT LARGE ENOUGH for your actual sign

Three Sample bar sign templates are included on the following pages. You may use them or make your own design. For questions, please call DABS or your compliance specialist.
