

# DRIVING PRIVILEGE CARDS

The DABS receives lots of questions about Driving Privilege Cards such as “what are they”? “Who can receive one”? “Can they be used for identification purposes to purchase alcohol”?

A Driving Privilege Card allows an individual the privilege to operate a motor vehicle in Utah. It was created to allow those who may not be documented to have state permission to drive and be able to obtain car insurance and improves safety on our roads and highways.

Although it gives a person driving privileges it may not be used as a means of identification by Utah government entities. Driving Privilege Cards cannot be used to purchase alcohol. The card will say right on the top of it, “Not valid for identification - driving privilege only.” Also, the alcohol code only allows five acceptable forms of identification for proof of age. 32B-1-102 (97).

**NOTE:**  
Driving Privilege  
Cards are **NOT VALID**  
For Proof of Age
